

# V-Learning

## An Introduction to Metadata

**Session Date & Time: Wednesday 8<sup>th</sup> December 2021  
10:00 to 11:30**

**Objectives:** To learn the basic concepts of metadata and how this can assist within an investigation.

**Tutor:** Pat Beardmore. Fulcrum Data Forensics Ltd

Pat is a Director of Fulcrum Data Forensics Ltd. A former TS Officer himself, he has over eighteen years of experience in computer forensics and online investigations.

### **Programme:**

- What is a computer file?
- Data structure and file extensions
- Protecting and retaining
- Examples:
  - Image files
  - Video files
  - Microsoft Office files

There will be plenty of time for you to ask questions and you are also welcome to submit these in advance

**CPD Hours:** 1.5 hours

## Who should attend?

This session is aimed at investigators who need to maximise the potential evidence held within computer files. Metadata is additional information stored within computer files but not normally viewed by default. This can offer valuable sources of both intelligence and hard evidence.

**Fee & Booking:** £35 plus VAT per delegate

## What is V-Learning?

V-Learning means you simply sit at your desk and log-in. You can hear the session via the phone, and you can see the presentation on your computer screen and learn virtually.

Our V-Learning programme gives you access to leading experts. No travelling costs and a real focus on the law makes this training incredible value for the individual learner and their employer. By limiting numbers we can allow you time to ask questions, both in advance and during the training.

Check on our website [www.stonelytraining.co.uk](http://www.stonelytraining.co.uk) for the full V-Learning programme.
