What is V-Learning?

V-Learning gives you access to some of the UK's top experts in their subject areas. The session will be delivered using Microsoft Teams, so you will be able to see and hear the presenter as well as them sharing their presentation with you.

No travelling costs and a real practical focus on the law makes this training incredible value for the individual learner and their employer. By limiting numbers, we can allow you time to ask questions, both in advance and during the training.
